Premium Underpads

Crafted with premium materials and a high SAP content, these underpads offer superior fluid retention and dryness. Ideal for longer use or heavier needs, they provide enhanced comfort and reassurance whether in care settings or at home.

Description	Pcs / Pack	Weight g	SAP g	Absorbency g	Core Length cm	Core Width cm	Pcs / 40HC
Premium Underpad 210cm x 100cm	5	364	25	3800	190	60	22,080
Premium Underpad 91cm x 58cm	10	88.5	12.5	1300	76	52	96,250

Premium Strength Underpads

With reinforced absorbency and extra-durable construction, these underpads are designed for heavy usage and higher fluid volumes. They provide long-lasting dryness, leak protection, and a secure feel even under pressure.

Description	Pcs / Pack	Weight g	SAP g	Absorbency g	Core Length cm	Core Width cm	Pcs / 40HC
Premium Strength Underpad 90cm x 75cm	10	118	15.9	1500	75	64	72,000

Anti-Slip Underpads

Features a peel-slip backing to keep the pad securely in place while reducing bunching - ideal for restless sleepers or high-movement environments.

Description	Pcs / Pack	Weight g	SAP g	Absorbency g	Core Length cm	Core Width cm	Pcs / 40HC
Anti-Slip Underpad 91cm x 78cm	10	145	25	2700	82	68	57,600
Premium Anti-Slip Underpad 200cm x 100cm	1	344	58	5500	180	90	24,640

Premium Underpads with Wings

Designed with extended side flaps that tuck under mattresses or cushions, this pad stays put even during movement. The high SAP content and wide coverage make it ideal for overnight use.

Description	Pcs / Pack	Weight g	SAP g	Absorbency g	Core Length cm	Core Width cm	Pcs / 40HC
Premium Underpad with Wings 100cm x 200cm	1	225.5	30	3000	80	81	34,650

Maternity Underpads

A wider, more absorbent pad tailored to maternity needs, offering excellent coverage and protection during childbirth and postpartum recovery.

Description	Pcs / Pack	Weight g	SAP g	Absorbency g	Core Length cm	Core Width cm	Pcs / 40HC
Maternity Underpad 90cm x 90cm	10	228.4	23.5	4000	80	80	24,640

Transfer Sheets

This heavy-duty pad doubles as a repositioning sheet, combining high absorbency with tensile strength. Suitable for turning or shifting patients while protecting bedding and surfaces from moisture.

Description	Pcs / Pack	Weight g	SAP g	Absorbency g	Core Length cm	Core Width cm	Pcs / 40HC
Transfer Sheet x Strength Underpad 130cm x 84cm	5	248	45	4200	122	77.5	31,850

Anti-Slip Floor Pads

An absorbent floor pad designed for placement beside beds or bathrooms. It captures leaks or drips to keep walking areas dry, reducing slip risks in operating theatres, care homes and home settings.

Description	Pcs / Pack	Weight g	SAP g	Absorbency g	Core Length cm	Core Width cm	Pcs / 40HC
Anti-Slip Floor Pad 100cm x 75cm	5	250	-	3300	-	-	22,000
